

# Bogdan Tsybin

---

Junior Frontend Developer (React | TypeScript | Tailwind)

☎ [+996 555 576 357](tel:+996555576357) ✉ [tsybinb@gmail.com](mailto:tsybinb@gmail.com) 🔗 <https://github.com/BogdanTsybin2005> 🌐

Bishkek, Kyrgyzstan

## About me

I am an aspiring frontend developer specializing in building multi-page web applications with clean architecture, authoring and adaptive UI.

I am confident with React, TypeScript, Tailwind, Axios and REST APIs. Constantly pumping up my skills and striving to write clear, scalable code.

## Skills

Technical skills: React, TypeScript, JavaScript, HTML, CSS, SCSS, Tailwind, Axios, React Router, Git, Vite, REST API, Redux toolkit, Zustand, Next JS, Tanstack Query.

Soft skills: Independence, attention to detail, critical thinking, responsibility, teamwork.

## Education

TSI College, Bishkek

Major: Software Engineering and Social Transformation

Study period: 2022 / 2025

Studied: Web Development, OOP, Algorithms, React, Databases

## Projects

4Pets - Web-based pet assistance service

🔗 <https://github.com/BogdanTsybin2005/4Pets-frontend>

Multi-page React website with multi-language interface. Includes sections: bulletin board, interactive map, FAQ and chatbot. Support for i18next, custom navigation, responsive layout.

Online store of goods

🔗 <https://github.com/BogdanTsybin2005/internet-store-project>

Website for online store with registration, authorization and shopping cart. Implemented product filtering, page routing, status management and working with API via Axios.
